

Leather Touch Up Kit Colour Matching Form

At Furniture Clinic we offer a colour matching service allowing you to order our products in the exact shade of your leather. All we require for this is a sample of the colour. The bigger the sample the easier it is for us to match the colour, but as long as the sample is at least 2 cm² we will be able to match the colour.

If you don't already have a sample to send please follow the instructions below.

For Furniture

Turning your sofa onto its back will reveal a cloth stapled to the underside. If you remove the staples from a corner of this cloth and peel the cloth back you will see where your leather is attached to the framework. Usually there is some overhang of material here which is a good place to get a sample from. Once you put the cloth back in place your furniture looks just as it did beforehand.

For Cars

Feeling under the seat you should find some overhanging material to take a small sample from. All cars are trimmed differently so it is difficult to give an exact location, and certain models may prove difficult to get an adequate sample from. However, if you have a removable headrest, ashtray cover, sun visor etc you could post this in and we will post it back with the kit. (We would recommend sending these using a recorded service).

When sending in a sample it is best to secure the sample in place with a paper clip or leave it loose in the envelope. If you use sticky tape make sure that you stick it to the suede side of the leather. Sticking tape to the coloured side of leather can result in the colour sticking to the tape and coming off the sample when we receive it.

Important: The kit is £29.95 and there is a £5.00 fee for matching the colour. This makes £34.95 in total (see next page for postage options and prices).

Payment: Either enclose a cheque or postal order (covering the cost of goods and delivery) with this form leave your number and we will give you a call when we receive the sample to take payment over the phone via credit or debit card.

Please leave this space black for office use.
