

At Furniture Clinic we offer a colour matching service, allowing you to order our products in the exact shade that you require.

All we require for this is a sample of the colour. The bigger the sample, the easier it is for us to match the colour, but as long as the sample is at least 2cm<sup>2</sup> we will be able to match the colour.

**Securing Your Sample**

When sending in a sample it is best to secure the sample in place with a paper clip or leave it loose in the envelope. Sticking tape over the top or applying glue to the sample can damage the it or obscure the colour, making it more difficult to obtain an accurate match.

**Important**

There is a colour matching fee of £10 for the kits, this will be added to your basket total automatically when you tick the box to indicate you require a custom colour match at point of order.

**Payment**

Either enclose a cheque (Sterling) or postal order (covering the cost of goods and delivery) with this form, or leave your number and we will give you a call when we receive the sample to take payment over the phone via credit or debit card.
